

PARTS AND MANUFACTURING

The component manufacturing is divided between two manufacturing plants: Fruehauf Components and Route Components.

Fruehauf Components

Focuses on all running gear, and is an OEM supplier to the whole of the industry. Axles, mechanical- and air suspensions, walking beams, bogies, hanger brackets, rockers, axle seats, clamp plates, rollers, anchorpins, etc. Pre-assembled products include brake-systems, 5th wheels and landing legs.

ROUTE COMPONENTS

Is also the only official agent, distributor and assembler for Weweler Air Suspensions in Sub-Sahara Africa. The parts division can be divided into two main sectors: Parts Manufacturing and Parts Supply.

PARTS SALES & DISTRIBUTION

All parts can be purchased directly from Henred Fruehauf Parts. Retail shops are strategically located across the country. There are currently 51 depots. 34 in South Africa and 17 in neighbouring countries.
